**Guidelines for
FY 2023 Design & Construction and
Supplier Diversity Reporting Guidelines**

University of Missouri System

FY 2023 D&C and Supplier Diversity Reporting

1. Design & Construction and Supplier Diversity Reporting

The campus should keep sufficient records to meet reporting requirements noted below. To facilitate reporting, it is recommended to keep a record similar to the attached Contract/Agreement Supplier Diversity Participation Summary for each Contract/Agreement at the time of award.

For architectural and engineering professional service contracts, the record should also include the status of each firm as a Missouri firm (having an office in Missouri).

2. Report Requirements

UM Facilities Planning and Development (FPD) will set the reporting requirements and provide necessary tools for the campuses to complete for the report. The report will contain information regarding all design and construction contracts for the current period, fiscal year as well as historical analysis. The data will be collected quarterly (please refer to the Report Submittal Schedule in section 3 of guidelines) through the report in ProjeX or e-Builder.

3. Report Submittal Schedule
