

We'll take it from here

You and your dependent's orthodontia benefits will continue in good hands with Delta Dental of Missouri

Delta Dental of Missouri is proud to cover Orthodontia treatment for Curators of the University of MO Buy Up Plan participants and their eligible dependents. Your plan will pay for treatment at 50% up to a \$1,500 lifetime maximum. If currently in treatment, benefits will pay for the remainder of the treatment plan up to the lifetime maximum, or until treatment is concluded, whichever occurs first.

Here's an example:

Orthodontia in progress example with \$1,500 lifetime maximum benefit

Treatment plan costs remaining as of effective date	Remaining months of treatment plan	Remaining calculated monthly cost	Eligible benefit (Calculated monthly cost X 12 remaining months / 50%)
\$2,400	12	\$200	\$1,200

Talk with your orthodontist

After your Buy Up Plan benefits become active, let your Orthodontist know that you now have Orthodontia benefits.

Delta Dental asks your Orthodontist to file your claim with the information shown below. Most orthodontists are familiar with this process.

To be provided by your orthodontist

- Employee name
- Patient name
- Complete ADA claim form
- Treatment plan (including):
 - Banding date
 - Amount of initial fee
 - Total case fee
 - Total number of months
