

Freedom to Choose

See Healthy and Live Happy

Finding the right eye care provider is important for your eye health and overall wellness. See healthy and live happy with help from VSP® Vision Care.

Convenient access you want

VSP members get more and save more in-network. In addition to the thousands of in-network private practice doctors, there are more than 10,000 retail chain locations* in the VSP network in addition to Visionworks®, including:

- Walmart Vision Center
- Sam's Club
- Costco Optical

At some retail locations, the eye doctor is not in the VSP network, but the optical dispensary is. In these cases, although your exam will be out-of-network, you can purchase glasses in-network and have the dispensary submit your frame and lens claim to VSP.

To get the most value from your VSP vision benefits, visit universityofmo.vspforme.com and click FIND A PROVIDER to find a VSP network doctor near you. Or, if you visit a retail location, confirm the provider is in-network when you schedule your appointment.

Save more

Maximize your benefits at a Premier Program location, including thousands of private practice doctors and over 700 Visionworks® retail locations nationwide.
