A. POLICY

1. Any employee within the recognized bargaining unit desiring to assign and have dues withheld from their wages shall execute a "Request and Authorization for Deduction of Organization Dues", which shall provide, in addition to necessary information, the following wording:

"Beginning _____, I, the undersigned, do hereby assign to International Union of Operating Engineers', Local 148, and hereby authorize the Curators of the University of Missouri to deduct from any net wages due to me and pay to said Union such sum monthly as shall equal the monthly membership dues as may be from time to time established and certified by said Union to the Curators of the University of Missouri."

"This assignment and authorization shall remain in full force and effect until January 1 after delivery by me to the Curators of the University of Missouri of a written revocation."

2. The assignment and deduction of Union dues will become effective the first day of the month after the request and authorization is delivered not later than the 25th of the month to Human Resources.

3. Such employees desiring such deduction shall execute the authorization provided for in A.1. to be delivered to Human Resources.

4. Regular employees in classifications within the recognized bargaining unit will be eligible for membership and may choose to authorize check-off of Union dues. Such membership does not alter any other section, policy or procedure outlined herein and does not make the provisions of this document, unless otherwise stated, applicable to Variable Hour employees

B. The University of Missouri is hereby authorized, upon the filing of such requests and authorizations, to deduct from any net earnings due and payable to such employee the regular monthly dues as may be certified to the University by Local 148 Such deduction shall be made twice each month, and the University shall, monthly, forward to the designated official of such Union;

"I, the undersigned, do hereby revoke my assignment to, and authorization to deduct dues from my wages for International Union of Operating Engineers', Local 148, effective with the first payroll period beginning on or after the first January 1 following the date of this revocation."

The University shall forward to the designated official of such Union a copy of any "Withdrawal of Authorization for Deduction of Organization Dues" notices filed with the University during the month of December.

D. The University is hereby authorized to make such rules and regulations as may be necessary or desirable to carry into effect the terms of this resolution.

5. COLLECTED RULES AND REGULATIONS

The Collected Rules and Regulations (CRRs) of the University, otherwise known as the governing rules of the University of Missouri System as established from time to time by the President or Board of Curators, applies in full to all employees of the University of Missouri including those otherwise covered by an Understanding of Polices. The CRRs supersede any and all other agreements that may be in place, including but not limited to this Understanding of Polices, and are hereby incorporated by reference as if fully set forth herein. In the case of any conflict between the CRRs and this Understanding of Polices, the former controls (in this regard see also Article 18 Paragraph J). The CRRs may be accessed online at any time at the following:

6. SENIORITY

A. It is the desire and intent of this article to preserve the principle and policy that, all things being equal, job security and promotion shall be commensurate with an employee's seniority.

B. The University reserves the right to determine if an employee is in good standing before they may use their seniority. An employee who is on disciplinary review, or whose record contains suspension or two (2) written disciplinary letters is not in good standing for purposes of the bidding procedure for a six (6)-month period.¹ The University, however, reserves the right, in any given instance, to determine if the employee is in good standing and possesses other relevant qualifications, such as physical fitness, ability, training, skill, etc., to fill the position.

C. The seniority of each regular employee consists of their relative tenure with respect

¹Documentation of an oral warning should not be considered a written warning.

September 1, 2020
to other regular employees by (1) occupational group within their respective department, (2) department, (3) seniority in a union-eligible position AND (4) University seniority.

D. When a promotion vacancy occurs, the employee in such occupational group and department who, in the determination of the University, has the longest seniority, greatest ability, skill, training and other relevant qualifications to fill the opening, shall be selected; provided that, in the event these factors are considered equivalent as between employees, the employee with the longest seniority shall be selected.

E. Seniority lists shall be brought up to date at least annually as of July 1, and shall be posted in a conspicuous place. A copy shall be transmitted to the respective designated Union official no later than September 1.

F. JOB OPENINGS-PROMOTIONS AND TRANSFERS

1. In an effort to provide information regarding promotional opportunities for service and support staff, job vacancies will be listed on official bulletin boards or other methods of communication. Each vacancy will be posted for five (5) days within the department unless a promotion is provided the qualified employee with the longest department seniority. If no departmental employee is selected five (5) days after the departmental posting, the position shall be posted campus-wide for a minimum of five (5) days. The position may be posted campus-wide at the same time it is posted within the department. The five (5) days referred to should be five (5) full days, counting all days Monday through Friday, excluding holidays. Notices should be dated the day they are posted and the day they are removed from the bulletin board.

2. If a qualified employee working in the occupational group in which the opening exists applies for the job, their occupational seniority will give them preference over an employee from another occupational group in the same department who may have applied for the job.

3. Where there are no departmental bidders in an occupational group within a department, employees in layoff status may apply their University seniority to positions in their occupational group in another department and shall be considered equally with those department employees without occupational group seniority who bid on such positions. Departmental employees outside the occupational group will apply their University seniority toward vacancies when being considered with employees in layoff status outside the department.

4. If no qualified employee from within the department in which the opening exists applies for the job, and two or more employees equally qualified in all respects from other departments apply, the employee with the greater seniority in a union-eligible position will be given preference.

5. It is the intent of the University’s promotion policy that any present employee seeking a transfer or promotion should have the same qualifications as would be required in the event the position is to be filled by an applicant from
outside the University. Human Resources will review the employee's file and, if necessary, conduct interviews to help determine whether the employee applying for the transfer or promotion has the necessary qualifications.

6. Employees transferring from one shift to another in the same classification and department are not required to serve a qualifying period.

7. Job postings are required for all shift changes.

7. **JOB ASSIGNMENT**

Employees may submit their assignment preference to their department for consideration. Employees may not use their seniority for the purpose of determining job assignments.

8. **GRIEVANCE PROCEDURE**

The Union and University recognize that salary increases, performance evaluations and job reclassifications are not subject to the grievance process, and are exclusively governed by Article 18 Paragraph J of this Agreement, otherwise known as the Reservation of Management Rights Clause.

9. **UNION ORIENTATION**

Union representative or Union stewards will be provided access to scheduled employee orientations. Orientation access is subject to the following:

A. The Union agrees to provide Human Resources with any and all informational materials the Union intends to distribute as part of its access two (2) weeks in advance of the scheduled employee orientation so as to allow the University adequate time to review the materials for accuracy.

B. The University agrees to review and either approve, reject or revise said Union informational materials promptly and further agrees not to arbitrarily withhold or delay approval or revision of such materials.

C. The informational materials may include the contact information for the Local 148 Business Representative.

D. The University agrees to provide the Union with advance notice of the dates, times and locations of the said employee orientations for such corresponding access.

E. The Union agrees to limit its presentation to no more than ten (10) minutes.

F. The University reserves the right to determine the placement of the Union’s presentation in the Employer’s employee orientation schedule.

G. The Union agrees that the Employer’s representative may remain present in the room during the Union’s ten (10) minute presentation.

H. The University agrees that it will not interrupt or otherwise disrupt the Union’s ten (10) minute presentation, unless it is to correct misinformation.
I. The Union agrees that it will only be present at employee orientation during its designated ten (10) minute presentation.

J. The Union agrees it will provide to Human Resources the name of the steward who will be attending orientation at least one week in advance of scheduled orientation.

10. WAGE AND SALARY GUIDELINES

A. If, as a result of unsatisfactory work performance, an employee is on unsatisfactory performance/disciplinary review on the effective date of a salary/wage increase, the increase may be withheld.

B. For purposes of this policy, unsatisfactory performance/disciplinary review is defined as a written communication to the employee indicating a specified time period during which the employee's performance will be evaluated to determine if prior unsatisfactory performance or behavior will improve to a satisfactory level.

C. The salary and wage increase will be granted effective at the beginning of the pay period in which performance was deemed satisfactory.

D. Nothing in this policy shall be interpreted to preclude the University from taking progressive disciplinary action at any time during the review period.

11. SERVICE/MAINTENANCE LONGEVITY INCREASES

This information applies to hires before September 1, 2017

A. SUMMARY

Longevity increases are to be given only to regular employees in service/maintenance positions whose work performance has been satisfactory. Employees whose work performance is less than satisfactory are entitled to individual counseling as to their performance problems and should be given an opportunity to improve.

B. UNSATISFACTORY PERFORMANCE

When longevity increases are to be withheld, it is the responsibility of individual supervisors to notify the employees of this action prior to the time the increase is due, and to provide for a subsequent review of work performance in not more than six (6) months. Increases which are withheld may be given at any time during the period following the date the increase was originally due. If an employee's longevity increase is to be withheld, a memo citing the reason for this action must be forwarded to Human Resources. All time spent on a military leave of absence or a Workers' Compensation leave will be counted with previous University experience in calculating seniority and compensation (longevity).

C. PROGRESSION SCHEDULE

Employees hired before September 1, 2017 are "grandfathered" for this section, and can receive the greater of merit OR step progression to their maximum step as
outlined here whichever is earlier. In all cases, all increases are effective at the 
beginning of the pay period in which the progression occurs.

“Grandfathered” program eligibility is in effect as long as the covered employee 
remains in the same job title and position. Any other job transfers will cancel the 
“grandfathered” eligibility clause.

Employees at who are assigned to the four-step hourly matrix become eligible for 
longevity increases based on a progression schedule:  STEP 2 TO STEP 3 – On the 
date of completion of two (2) years of satisfactory service in the title; STEP 3 TO 
STEP 4 – On the date of completion of four (4) years of satisfactory service in the 
title, or two (2) years at Step 3, whichever is earlier. In all cases, all increases are 
effective at the beginning of the pay period in which the progression occurs.

12. OVERTIME

The opportunity to work overtime shall be fairly distributed among employees.

13. PAY FOR WORK IN HIGHER CLASSIFICATION

When bargaining unit employees are assigned the duties of a higher paying job 
classification for a period exceeding five (5) consecutive days, they shall be paid the higher 
rate commencing on the sixth (6th) day.

14. PAY FOR GRIEVANCE TIME

A. Union representatives or other officers of employee groups are expected to perform 
their jobs during regular working hours for which they are paid.

Most matters that will be of concern to the Union representatives or other Union 
officers can properly be handled at times other than during working hours, although 
good judgment should be exercised in recognizing that in some cases immediate 
attention is justified.

B. Periodically it will be necessary for University representatives and Union 
representatives to meet to discuss grievances as well as other matters. It will be the 
University policy to not deduct for the time spent by the employees who are serving 
as Union representatives. However, in such meetings, a full-time employee of the 
Union is not to be paid by the University for time spent in such meetings.

C. The employees participating in the meetings are expected to work their normally 
scheduled work hours except for the time required for such meetings. They are also 
expected to first advise their supervisors of the need to be off for which approval 
should be given except in the case of an emergency.

D. Employees who may be scheduled for a different shift and who do not lose time from 
the job are not to be paid for the time spent in such meetings. Nor are employees to 
be paid overtime or any additional pay over and above their regular pay for time 
spent in such meetings that occur before or after the employee’s scheduled 
workday.
E. Pay for time spent in such meetings is normally to be limited to two (2) employees who are serving as representatives of the employee group. If an aggrieved employee is invited to the meeting to present their views and facts, they should not lose time for such meeting if they are taken off their job.

F. Employees attending Union meetings or participating in any other Union activity which takes them off the job should not be paid for such time.

15. SERVICE/MAINTENANCE TRANSFER

Due to the implementation of the merit-based pay system, this section applies to Service/Maintenance transfers prior to September 1, 2017.

A. SUMMARY

Employees who transfer positions within the University will be compensated at a rate specified by the change.

B. LOWER TO HIGHER RANGE

In all cases where the probationary period has been completed and the current rate of pay is the same as or lower than the minimum rate for the new job, the employee will be increased to the second step (job rate). In cases where the employee's current rate is higher than the new minimum rate in the new classification, the employee will move to the "next higher rate of pay" in the new classification. If the "next higher rate of pay" is less than a $.15 per hour increase, the employee will move to the next step in the new position. Longevity is accumulated in each new step to which the employee is assigned: 18 months in second step; 24 months in third step; and for journey level positions assigned to H-42 and above (and other designated titles), the employee will be increased to the second step after satisfactory completion of the probationary period.

C. SAME RANGE

An employee who moves to a job which has the same range as their present job will be moved at the same rate of the new job. Longevity in the step will transfer.

D. HIGHER TO LOWER RANGE

Employees assigned or to be assigned to a four-step range who transfer to a job which has a lower rate range will be moved to a step within the new range but no lower than the second step of the new range. Human Resources may approve a higher step in the range based upon experience. Longevity is accumulated in each new step to which the employee is assigned: 18 months in second step; and 24 months in third step.

E. APPRENTICESHIPS

An employee who transfers to an apprenticeship program will retain their old rate or the appropriate step on the apprentice scale, whichever is higher. The appropriate step is determined in accordance with the apprenticeship standards. They will retain
this rate until the appropriate step on the apprentice scale exceeds their current rate at which time they will resume normal progression, as outlined in the apprentice standards.

F. PROBATIONARY EMPLOYEES

Probationary employees will be transferred at the minimum rate for the new job. Upon satisfactorily completing the probationary period, the employee will be given a wage increase to the second step of the rate range. The one (1)-month qualifying period may run concurrently with the probationary period.

G. EFFECTIVE DATE

The transfer will become effective at the beginning of the pay period. Exceptions to any of the provisions to this policy must be approved by UM Human Resources.

16. EMPLOYEE BENEFITS

The University of Missouri maintains a program of employee benefits. This program is equally available to all regular employees of the University of Missouri. The various aspects of the staff benefits program currently available through the University to such regular employees are explained in general terms in the separate staff benefit materials. Changes, additions or deletions to the employee benefit programs are not covered under this document. In general changes to these programs occur on an annual basis and will be communicated to the Union.

17. VACATIONS

A. Vacation schedules should be worked out according to the needs of the department. When possible, however, consideration should be given to employee's requests.

B. When employees request vacations for the same period, employees with greater lengths of service receive priority.

C. Applicable shift differential will be included in computing vacation pay.

18. MISCELLANEOUS PROVISIONS

A. VARIABLE HOUR POSITIONS

Employees who start to work at the University of Missouri in a variable hour position with a 75% FTE or greater appointment, and who subsequently bid into a regular position will have their University service date retroactive to the date of variable hour employment.

The occupational date will be the date the employee enters a regular permanent position that was awarded through the bidding procedure.

B. CONTRACTING OUT

The University will notify the Union of any contracting out that affects bargaining unit
employees.

C. PROGRESSIVE DISCIPLINE

As is current practice, the general principle of progressive discipline should be followed except where a more severe form of discipline is warranted. If an employee's record has been free of written warnings, reprimands or disciplinary actions for a period of one (1) year of continuous employment, the University will not base any current disciplinary actions on the earlier warnings, reprimands or disciplinary actions. If, however, additional warnings, reprimands or suspensions have been given during the past one year, then the employee's entire record will be considered in determining appropriate disciplinary action.

D. SAFETY CLAUSE

We affirm and subscribe to the principle that the University of Missouri has an obligation to furnish facilities in an environment that will provide reasonable protection from injury for employees. The University continues its commitment to providing a safe work environment. Employees aware of unsafe working conditions should report such incidents to their immediate supervisor or department head.

E. DRIVER’S LICENSE

Employees who drive a vehicle on official University business must maintain a valid driver’s license and are required to provide their supervisor with a copy of the license. An employee whose license is suspended or revoked, either temporarily or permanently, must report this to their supervisor immediately. Regular and periodic checks regarding the validity of employees’ driver's license will be conducted by the supervisor. Employees may only operate a University vehicle for official University business.

F. APPRENTICESHIP PROGRAM

The Union and management agree to explore the development of apprenticeship programs / master programs for union-eligible employees at those campuses where such programs do not already exist.

G. LEAVE OF ABSENCE FOR UNION BUSINESS

1. A personal leave of absence for up to one (1) year will be granted to a regular employee of the University who has been elected or appointed to an office of the Union, or as a delegate, necessitating a leave of absence. Such leaves of absence will be granted only when the requests are made in writing by the appropriate Union officer addressed to the University, with a copy of the request addressed to the employee's immediate supervisor. The requests should include the begin and end dates of the leave and shall be given to the University as far in advance as possible but no later than two (2) weeks prior to the date is to begin.

2. The personal leave of absence is without pay and employees on this type of
leave of absence are not required to use accumulated vacation or personal days prior to such leave.

3. Such personal leave of absence may be renewed for an additional period when circumstances warrant renewal.

4. No more than three University of Missouri employees may be on such leave of absence at the same time.

H. MEETING SPACE

The University will provide meeting space one time per quarter to be used for Union business meetings. If special room or equipment set ups are required, those fees will be charged the same as any other group using the facilities and the Union will be responsible for payment. The meeting space will not be used to conduct membership recruitment efforts.

I. LEAD POSITIONS

Employees being transferred to a Lead position will be increased 5 percent above the top rate of the classifications which they are leading.

J. RESERVATION OF MANAGEMENT RIGHTS CLAUSE

1. The University and the Union agree that the efficiency of University operations requires clear management authority and freedom to make decisions. It is further understood and agreed that this document constitutes the entire Understanding of Policies of both parties concerning wages, hours, working conditions and other terms and conditions of employment and that decisions on matters not expressly provided for herein are reserved exclusively to the University. Notwithstanding anything in this Understanding of Policies to the contrary, the University reserves the right to modify unilaterally any of the provisions including, without limitation, those related to wages, hours, working conditions and other terms and conditions of employment, under the following circumstances:

   a. In the event, during the term of this Understanding of Policies, of a reduction in annual appropriations from the Missouri General Assembly to the University or the withholding by the Governor of appropriations made by the Missouri General Assembly such that the appropriated funds available for University operations are less than the appropriated funds available for University operations during the preceding fiscal year;

   b. In the event of enactment, promulgation, amendment or repeal of a law or regulation applicable to the University during the term of this Understanding of Policies which results either in a reduction of revenue available or an increase in expenses for University operations when compared to such revenue or expenses for the preceding fiscal year or which renders any provision unlawful; or

September 1, 2020
c. In the event of an unforeseen change in circumstances from those in existence at the time this Understanding of Policies was entered into which would result in an unreasonable burden, financial or otherwise, on the University or its employees.

d. In the event any CRR is issued or revised during the term of this Agreement (see Article 5) which is in conflict with any provision contained herein (as of September 1, 2020, the parties know of no such conflict).

2. Prior to exercising its right to modify the provisions hereof any of the circumstances set forth in items 1.a, 1.b, 1.c, or 1.d above, the University will provide the Union with at least thirty (30) days prior written notice before implementing such modifications and will make a good faith effort to discuss the modifications, including the reasons therefore, with a Union representative within said thirty (30) day period prior to the effective date of such modifications.

19. REFERENCE MATERIALS

A. Except as otherwise provided in this Understanding of Policies, the Understanding of Policies does not limit the scope of items regarding which the Union may make proposals.

B. Appendix A to this Understanding of Policies is only for ease of reference and informational purposes, and includes links to general HR and University Policy. If the URL for any of the listed policies changes, the University will modify the link in Appendix A.

C. The University acknowledges that except as otherwise provided in the Understanding of Policies, the University will provide the Union with at least thirty (30) days prior written notice before implementing modifications to the CRRs or Policies referenced in Appendix A. Upon written request by the Union within three (3) days of receipt of said notification from the University, the parties will then meet and confer within the next three (3) weeks of said request to discuss the modifications, including the reasons therefor. The modifications shall then be effective on the 10th day following the last meeting of the parties during the said three- (3) week period.
